PROFESSIONAL PROFILE

Junior Full Stack Developer with nearly one year of experience in the React ecosystem, holding a degree in Cybersecurity Engineering. My professional experience is still early-stage, but I have spent that time building personal projects to learn and practice modern technologies. I pick things up quickly, adapt well to new environments, and I am looking for a remote opportunity to keep growing working on real-world projects.

EXPERIENCE

Full Stack Developer · Freelance

2024 – Present

AI Solutions Company · Cuban Legal Tech Sector

Co-developed the company's corporate website: informative landing page with a headless CMS (PayloadCMS) for managing blogs, events, and services. Built the frontend with Next.js and shadcn/ui, integrated a PostgreSQL database via Supabase, and collaborated as a team using Git/GitHub.

Stack: Next.js · TypeScript · shadcn/ui · PayloadCMS · PostgreSQL · Supabase

EDUCATION

B.Eng. in Cybersecurity Engineering

Graduated · July 2025

Universidad de las Ciencias Informáticas (UCI) · Cuba

FEATURED PROJECTS

Personal Portfolio

portfolio-personal-alejandrofrank464.vercel.app

Developer portfolio with modern corporate design, multilingual support (ES/EN), Framer Motion animations, and dark/light mode. Deployed on Vercel.

Stack: Next.js · TypeScript · shadcn/ui · Framer Motion · Vercel

GameVault · Mobile App

github.com/alejandrofrank464

Free-to-play game catalog with a neon-cyberpunk aesthetic. Optimized FlatList, game detail screens with screenshots, persistent favorites via Zustand + AsyncStorage, and direct download links.

Stack: React Native · Expo · Zustand · AsyncStorage · FreeToGame API

GymManagement · Web App

github.com/alejandrofrank464

Web application for gym management: client registration, payment tracking, scheduling, and activity logs. Packaged with Electron so non-technical users can run it locally without manually starting servers. Headless CMS with Strapi and SQLite database.

Stack: Next.js · Electron · Strapi · Chakra UI · SQLite

TECHNICAL SKILLS

Frontend	React, Next.js, TypeScript, JavaScript, Tailwind CSS, shadcn/ui, Chakra UI, HTML5, CSS3
Mobile	React Native, Expo, NativeWind, AsyncStorage, MMKV, Expo Router
Backend / DB	Node.js, Express, PostgreSQL, SQLite, Supabase, Strapi, PayloadCMS
Tools	Git, GitHub, Vercel, Zustand, TanStack Query, Electron

LANGUAGES

Spanish — Native · **English** — C1 Advanced (reading, writing and oral communication)
